The background of the slide is a soft-focus photograph of a calm body of water, likely a lake or a wide river. In the distance, there are rolling hills or mountains partially shrouded in a light mist or fog. The water's surface is still, reflecting the pale colors of the sky and the distant land. The overall color palette is muted, consisting of various shades of light blue, teal, and pale green, creating a serene and naturalistic atmosphere.

- 劃分前-經驗法則
- 劃分後-延繩釣漁業需特別判定遠洋漁業、近海漁業

# 交易量估算方式的問題

- 遠洋漁船的認定
- 沿近海漁船的認定

# 如何增進資料正確性

A serene landscape photograph of a calm lake reflecting the surrounding green mountains. A thick layer of white mist or fog hangs over the water, partially obscuring the distant peaks. The sky is a pale, hazy blue. The overall mood is peaceful and quiet.
